# ABOUT US

With more than 20 years experience in the motor racing industry, this unique venture backed by Rye House Kart Raceway is dedicated to creating a fun, easy and viable route into the world of go karting, to cater for drivers from as young as 5 years old up to 7 years old.

Labelled "the Silverstone of karting" by none other than Lewis Hamilton and David Coulthard, Rye House in Hertfordshire boasts heritage, history & a big heart.

Rye House is famed for the drivers it has produced in the past and continues to work hard to develop the Stars of tomorrow!

## *OUR AIM*

Are you ready to take on the thrill of driving? If you're a young beginner, the thought of getting behind the wheel for the first time can be both exhilarating and overwhelming. However, with the right guidance and training, you can become a confident and skilled driver in no time. This is where the K1 Stars course comes in.

The K1 Stars course is designed to help young drivers aged 5-7 years old learn the basics of karting in a safe and controlled environment. With a team of experienced coaches, this course aims to equip young drivers with the necessary skills and techniques to handle a kart and navigate a track with confidence.

# THE COURSE

So, let's take a closer look at how this course unfolds over a span of five lessons. Courses are tailored to the progression of each driver but here's a guideline:

Lesson 1: The first lesson of the course focuses on familiarising drivers with the basics of controlling a kart. This includes footwork and techniques that are essential for safe and controlled driving. By the end of this hour, most drivers will be able to confidently navigate the track without the assistance of their instructor.

Lesson 2: After a quick recap of what was learnt in the previous lesson, the focus shifts to spatial awareness. This is an important skill to have while driving, as it allows drivers to steer around obstacles and stop within designated zones. With a fun and interactive approach, drivers will learn how to navigate around the track with precision.

Lesson 3: Drivers will have the opportunity to sit as passengers while their coach demonstrates each drill at a faster pace. This will give them a better understanding of how to accelerate and brake in the kart, building confidence in the capabilities of the vehicle. It's important to note that the karts used in this course are specifically designed for competition, so drivers will get a taste of what it's like to be a professional racer.

Lesson 4: As the course progresses, coaches will continue to assist and challenge drivers in a group test session. This will give them a chance to put their skills to the test and improve with the guidance of their coaches. Additionally, the team will also cover rules and regulations for karting on the track.

Lesson 5: The final stage of the course is all about fun and friendly competition. Drivers will take part in a time trial race event, and at the end, there will be a K1 awards presentation to celebrate their achievements. This is a great opportunity for young drivers to showcase their skills and have a great time with their fellow K1 Stars.

## RYE HOUSE KARTING

So, if you're a young driver with a passion for racing, the K1 Stars course is the perfect platform for you to learn and improve your skills. Not only will you become a certified novice driver, but you'll also have the opportunity to continue advancing your skills with the support of Rye House. With fun and excitement at every turn, the K1 Stars course is an experience you don't want to miss out on!

# SAFETY

When it comes to motorsport, safety is always a top priority. We provide our drivers with full MSUK spec racewear, which includes a race suit, gloves, crash helmet, balaclava, rib protector, and neck brace. This is all crucial kit to keep our drivers safe on the track!

The K1 Stars kart is a fully blown MSUK regulated race chassis fitted with an adjustable seat and pedals. Powered by a Comer C50 Bambino engine, karts are capable of reaching a top speed of 35mph enabling our drivers a real taste of what it feels like to be behind the wheel of a racing machine. For extra safety measures, the latest fleet have also been fitted with a wrap around system to avoid wheel-to-wheel contact.

# SO WHAT'S NEXT...

Congratulations on graduating from K1 Stars, the premier karting program for young drivers! You have come a long way and have shown great dedication and skill on the track. Now, as you move on to the next chapter of your karting journey, we are excited to introduce you to Karting London, our dedicated club for young drivers at Rye House.

At Karting London, we understand the importance of providing a safe and controlled environment for young drivers to practice and hone their skills. That's why we operate most Wednesday evenings and Saturday mornings, giving you plenty of opportunities to hit the track and improve your racing abilities.

Hiring a K1 kart to participate in the club is a great opportunity to practice with other children who may have years of experience and race craft. This not only helps development as a driver, but also gives you the chance to learn from others and build camaraderie with your fellow racers.

For parents, attending the club is a great way to get a firsthand experience of what karting is all about. You can speak to other parents, ask plenty of questions and ultimately decide if you want to purchase your own equipment for your child. Our team is always ready to assist and guide you in making the best decision for your child's racing journey.

Even as a graduate of K1 Stars, it is customary for new comers to Karting London to book an instructor to help with the fundamentals from the very start. Our instructors are experienced and dedicated to ensure you have a solid foundation in karting, setting you up for success in your future racing.

As a graduate of K1 Stars, you have already shown that you have what it takes to be a great driver. Now, we invite you to continue your journey with us at Karting London, where you can further develop your skills and passion for this exhilarating sport.

We can't wait to see you on the track!

# LOOK NO FURTHER

So you have caught the karting bug and you are probably wondering, what's next? Well, look no further because our on-site kart shop has got you covered.

Our kart shop is a one-stop destination for all your karting needs. Everything from karts, spare parts, safety gear, and accessories are available here. We understand that starting karting can be overwhelming, especially when it comes to purchasing your own equipment. That's why our shop offers a wide range of options to suit your budget and expectations.

The shop is run by a team of experts who have years of experience in professional racing at a world level. They have a wealth of knowledge and can guide you in choosing the perfect equipment for your needs.

Whether you are a beginner or an experienced racer, their team will ensure that you have the best possible equipment to give you a competitive edge on the track.

But that's not all! As an added bonus, all K1 Stars graduates are offered £100 off their first kart purchase from our shop. This is our way of supporting and encouraging our graduates to continue their karting journey.

# WANT MORE?

Racing is an exhilarating and adrenaline-fueled sport that has been captivating audiences for decades. It requires a unique combination of skill, technique, and courage to maneuver a vehicle at high speeds on a race track. And for those who have a passion for racing, the ultimate goal is to obtain a racing licence and compete at a professional level.

In the world of motorsports, the United Kingdom has a prominent presence with a thriving community of racers. And for those looking to make a name for themselves in the racing world, the first step is to obtain a racing licence.

Having completed the K1 Stars program, all graduates are given a speedy pass to gain their Motorsport UK racing licence. For a small fee, drivers can purchase an ARKS pack and book their ARKS test at a reduced rate right here at Rye House Kart Raceway. This is a game-changing opportunity for aspiring racers, as it not only saves them time but also money in the process.

The ARKS (Association of Racing Kart Schools) test is a comprehensive assessment that evaluates a driver's skills and knowledge, ensuring they are competent and safe to race. With Rye House Kart Raceway being an accredited ARKS test centre, graduates can conveniently take the test at a familiar and well-known location.

Upon passing the ARKS test, drivers will be issued with a Motorsport UK racing licence. This licence is recognized nationally and enables racers to compete in various events and championships under the Motorsport UK governing body. This is an essential step for those looking to race competitively and gain recognition in the racing community.

Rye House Kart Raceway also offers an exciting opportunity for drivers to put their new licence to use. Like many other race circuits, they run their monthly race series under the Motorsport UK governing body. This gives drivers a chance to showcase their skills and compete against other racers in a competitive and regulated environment.

In conclusion, Rye House Kart Raceway is the perfect place for aspiring racers to kickstart their racing journey. So, take advantage of this opportunity and start your journey towards becoming a professional racer today.
